Grays Win Again

The Mansfield Gray easily defeated the Rogersville nine here Sunday by a score of 6 to 1 in one of the fastest games ever seen on the local diamond. Only one error being charged during the entire game and that being to the visiting team. Gaskill, our pitcher, pitched a tight game throughout and kept the five hits he gave well scattered, only two being in one inning which resulted in the Rogersville score.

Short led the sluggers for the day with three hits out of four times at bat, one being a home run over the right field fence, Freeman, Coday and U. Dennis each had two hits out of four times at bat. White's fielding at short stop featured the game as well as a wonderful running catch by U. Dennis in left field cutting off a sure home run. Brasher caught a good steady game and had much to do with the steady pitching of Gaskill. The entire Gray team was in the game every minute and handled several difficult chances without an error.

The Rogersville boys were a good bunch of clean sportsmen and played a nice, clean game of base ball.

Recent rains throughout this part of the country have surely put crops in a fine shape. Why it is so many American people will work and worry in shop and factory when they could have so much with so little effort on the beautiful slopes of the Ozarks by tilling a few acres of soil, is beyond our comprehension.

Optical Service

Each year that passes sees a gradual change in your vision. Glasses that were perfectly suitable a year ago may cause you headaches and other annoying discomforts of defective vision today. You should have your eyes examined once a year. You will escape a great deal of pain and the cost would be trifling compared to the possibility of blindness caused from neglect.

Your eyes should be comfortable whether reading, sewing or looking at the movies, and your vision should be clear. Headaches, blurred vision and trouble reading fine print are signs of eye strain. Proper glasses will make your eyes see clearly and comfortably.

The complete satisfaction of thousands of clients during over 15 years of practice is a most important testimonial to the value of our services. Cases that all others have failed to relieve are solicited.

Whether you pay us \$2, \$3, or \$5, or more, for a pair of glasses you will get full value. That's enough for any honest man to promise.
